

Requirements for the Certificate in Field Geology

The certificate requires a minimum of 15 credit hours. At least 12 credit hours must be completed in upper-division course work and at least 9 credit hours must be completed at ASU. At least six upper-division hours in the certificate must be completed in courses offered by the College of Liberal Arts and Sciences. A grade of "C" (2.00 on a 4.00 scale) or higher is required for each course used to fulfill a certificate requirement.

Additional prerequisite courses may be needed in order to complete the requirements of this certificate.

Required Courses – 9 credit hours

[GLG 452: Field Geology II \(L\)](#) (3)

[GLG 455: Advanced Field Geology](#) (3)

Electives (choose two) – 6 credit hours

[GLG 362: Geomorphology](#) (3)

Enrollment Requirements

A student pursuing an undergraduate certificate must be enrolled as a degree-seeking student at ASU. Undergraduate certificates are not awarded prior to the award of an undergraduate degree. A student already holding an undergraduate degree may pursue an undergraduate certificate as a nondegree-seeking graduate student.

Additional enrollment requirements include completion of the following courses or their equivalencies with a "C" or better (scale is 4.00 = "A"):

GLG 101 Introduction to Geology I (3) and GLG 103 Introduction to Geology I Lab (1) or

SES 121 Earth, Solar System and Universe (3) and SES 123 Earth, Solar System and Universe Lab (1)

AND GLG 321 Mineralogy (3)* and GLG 451 Field Geology I (3)
